TABU Search Exercises

Download the file:

`TABU.zip`

from the homepage. Unpack the file

- Read and try to understand the TABU algorithm

- Compile the three source code programs.

    - `javac DataObject.java`
    - `javac TabooSearch.java`
    - `javac MainTaboo.java`

- Remember that the name of the datafile is hardcoded in the main program

- Try to make the evaluation more efficient.

- Implement an aspiration criteria
