

## Some information on how to install and use Thinlinc

1. Go to Thinlinc home page: <http://thinlinc.com/index.phtml?action=view&page=24>
2. Download the appropriate version of thinlinc for your computer.
3. Use the installation instructions and make sure you remember where you have chosen the thinlinc icon to appear in your system.
4. When you start thinlinc you get a simple log in box where you can connect to Gbar.
5. You need to fill in the host name for example:  
erlang.gbar.dtu.dk  
or  
bohr.gbar.dtu.dk
6. Use your Gbar (campusnet) login name and password.
7. Press log in and you will get exactly the same screen as if you were sitting at a Gbar screen.
