

Copenhagen, July 2009

Dear all,

First of all welcome to the Joint Meeting in Danish Association For Automatic Recognition of Patterns (DSAGM and Summer School of Manifold Geometry and Learning in Image and Signal Analysis)

Some useful information about the workshop:

- There will be ferry transport from Nyhavn to Hven, Monday morning 17 August at 9:00 AM and back again Friday 21 August at 16:00 PM (back in Copenhagen approx. 17:30). This is included in the conference fee. *Please see attached map from where the ferry leaves.*
- There are good beaches and room for outdoor activities, so you are more than welcome to bring your swim suit, running shoes and games for outdoor/indoor entertainment.
- You can use VISA card or Swedish currency on Hven. It is a good idea to bring some Swedish cash.
- If you are **vegetarian** or have any other **food allergies**, please let us know. Please send an email to Lene Lillemark Larsen, lene.lillemark@gmail.com
- A list of the people that share houses is attached to this mail
- Link for Hven website: <http://www.backafallsbyn.se/>
- Further information can be found on <http://www2.imm.dtu.dk/projects/manifold/Information.html> for the workshop and <http://image.diku.dk/DSAGM09/> for DSAGM.
- The updated program can be found at <http://www2.imm.dtu.dk/projects/manifold/Program.html> together with a syllabus for the course at <http://www2.imm.dtu.dk/projects/manifold/Syllabus.html>
- You are welcome to contact Rasmus Paulsen (+45 27 26 61 75) if needed.

We look forward to seeing you all and to having some great days at Hven.

Best regards,
Dina Riis Johannessen
