

## APPENDIX E

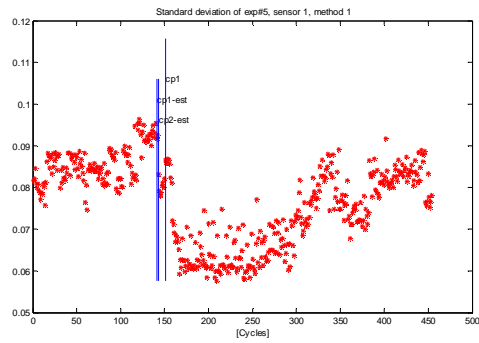

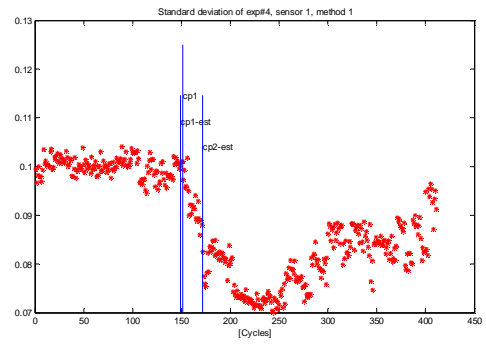

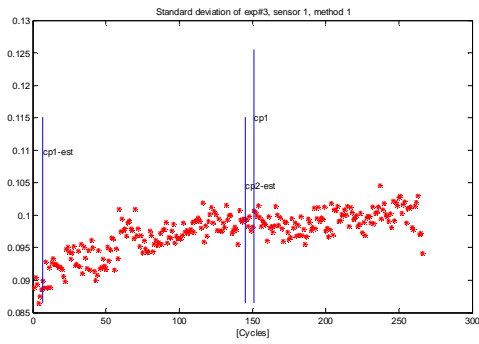

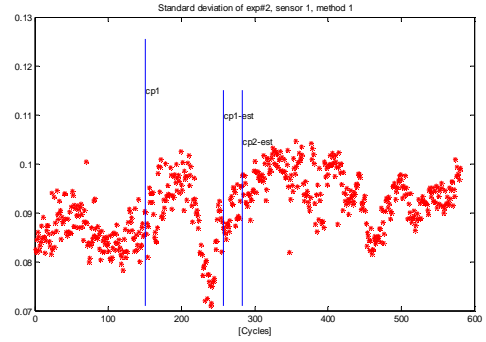

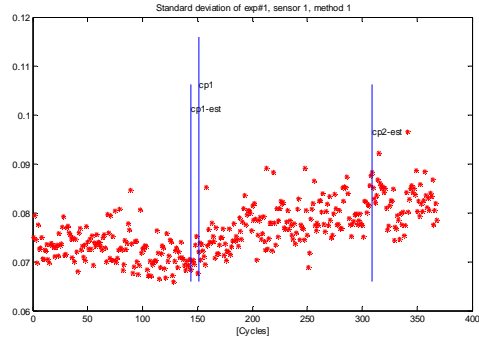

# OFF-LINE CHANGE POINT ESTIMATION ON FEATURE SIGNALS

### E.1 Sensor no. 1, method no. 1 on mean value feature signals

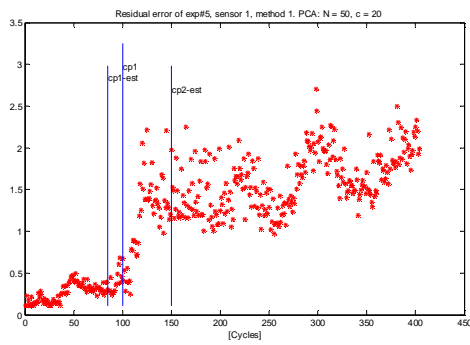

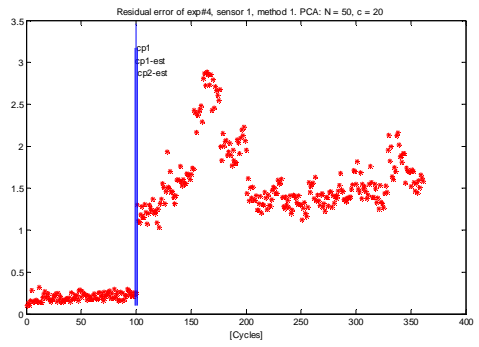

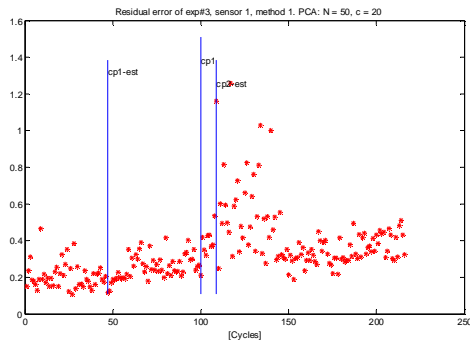

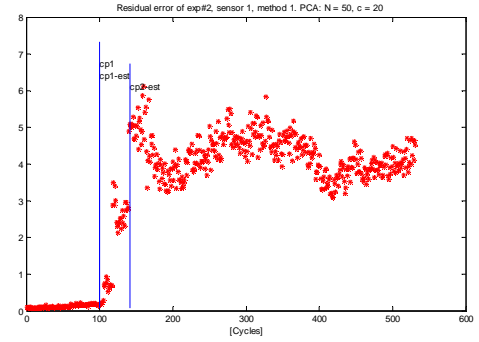

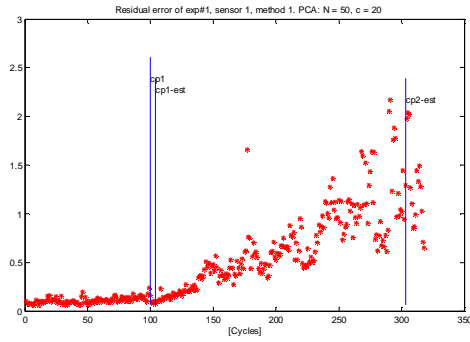

## Appendix E - Off-line change point estimation on feature signals

### E.2 Sensor no. 1, method no. 1 on standard deviation feature signals

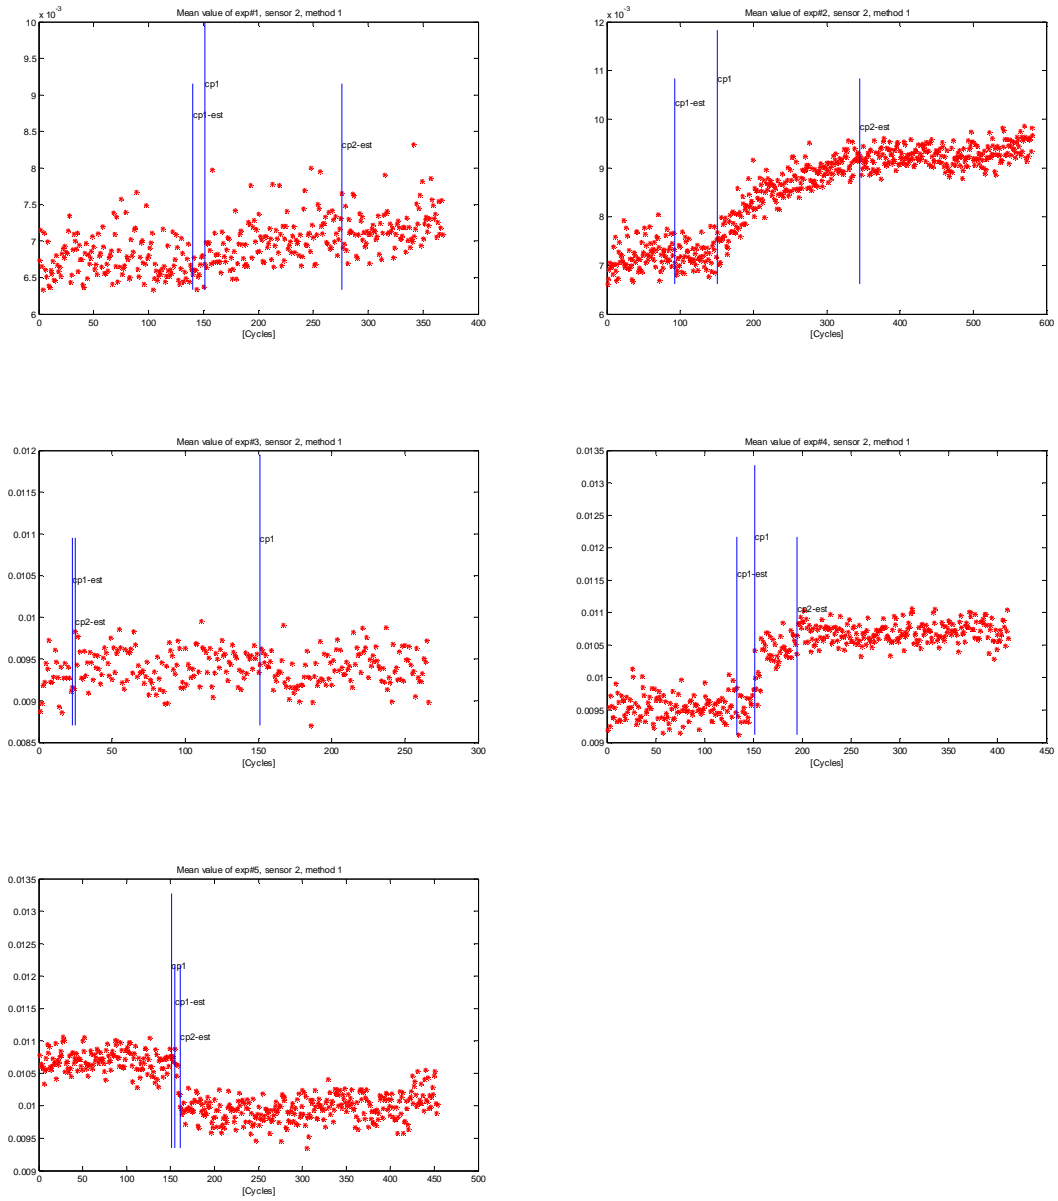

## Appendix E - Off-line change point estimation on feature signals

### E.3 Sensor no. 1, method no. 1 on SE feature signals

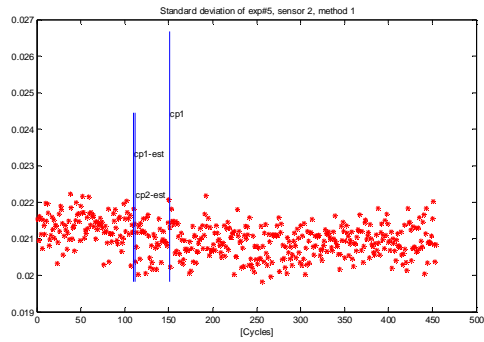

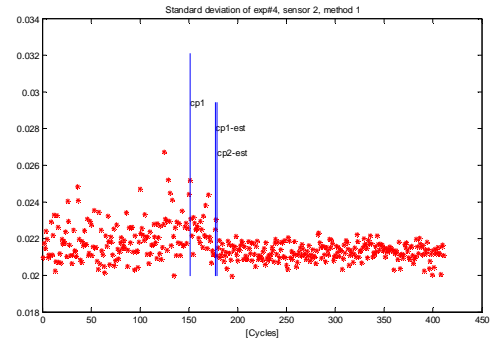

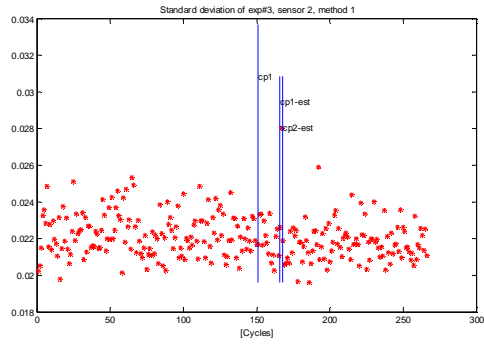

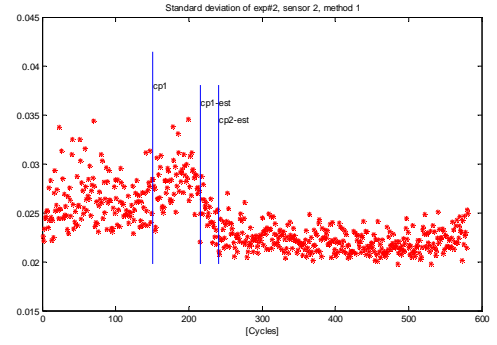

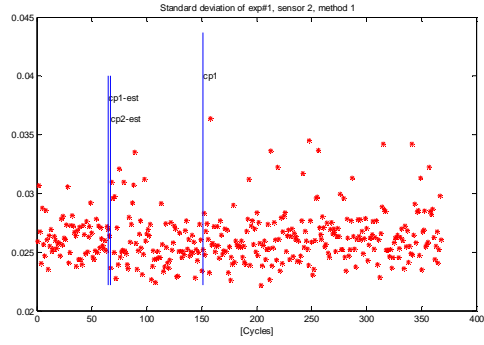

## Appendix E - Off-line change point estimation on feature signals

### E.4 Sensor no. 2, method no. 1 on mean value feature signals

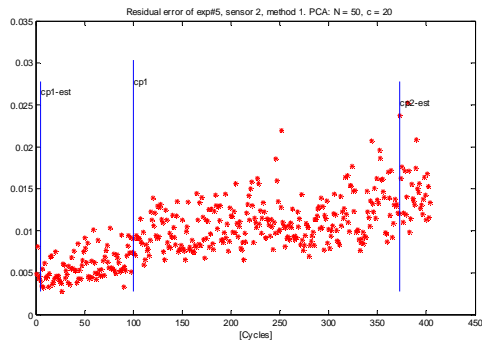

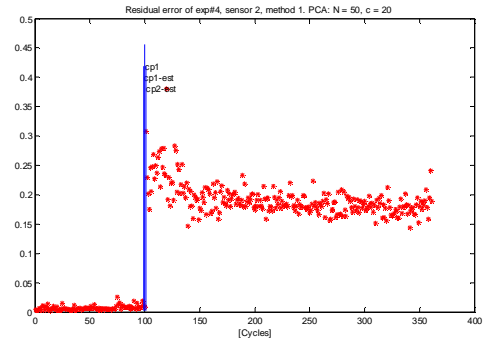

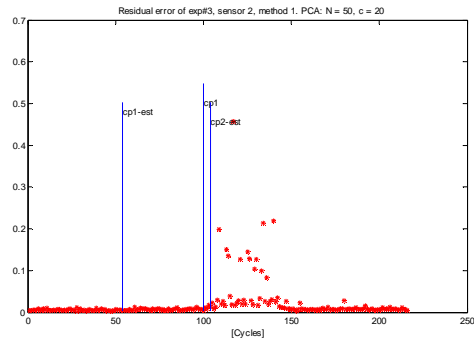

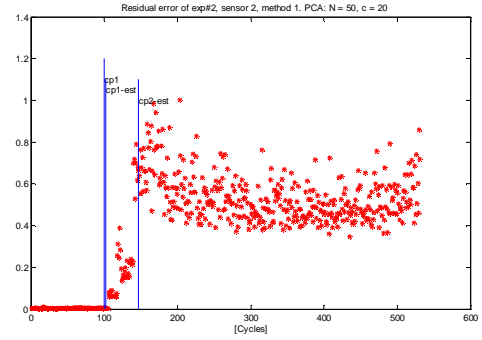

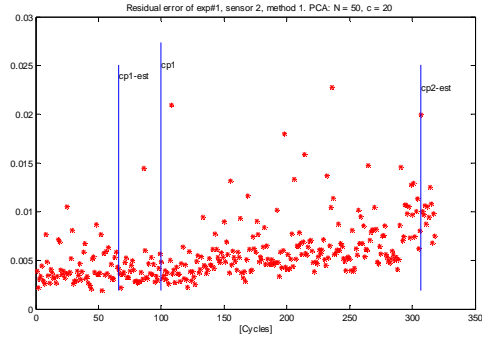

## Appendix E - Off-line change point estimation on feature signals

### E.5 Sensor no. 2, method no. 1 on standard deviation feature signals

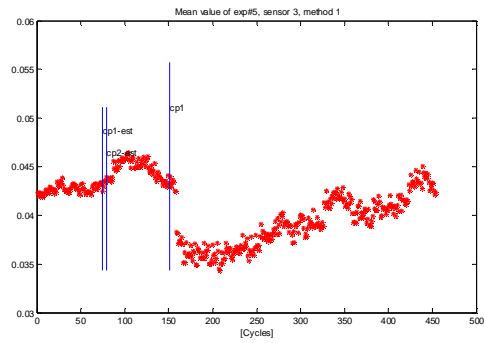

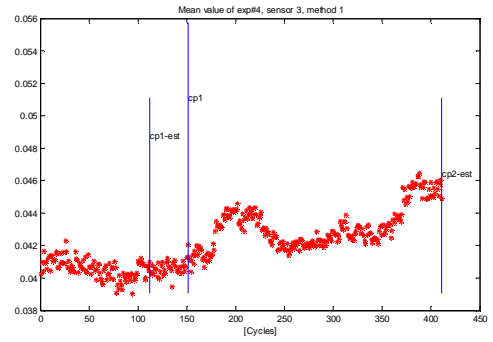

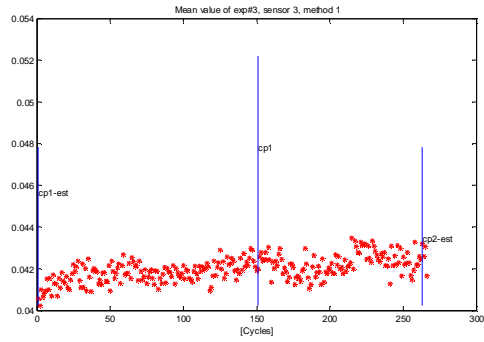

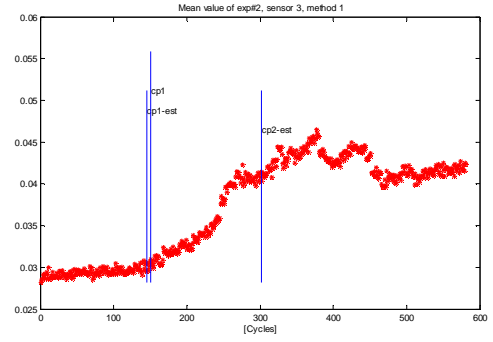

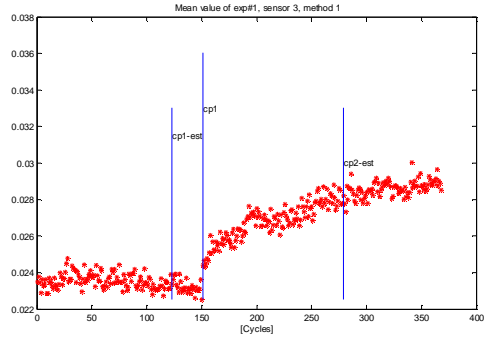

## Appendix E - Off-line change point estimation on feature signals

### E.6 Sensor no. 2, method no. 1 on SE feature signals

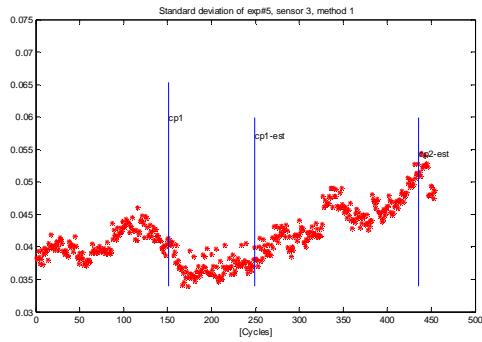

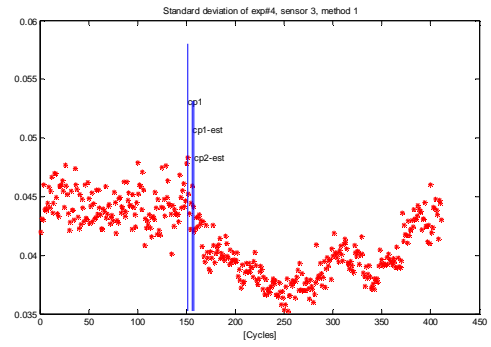

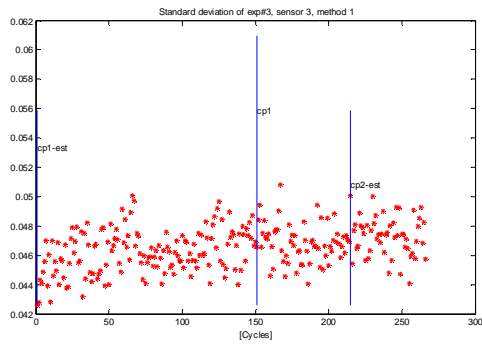

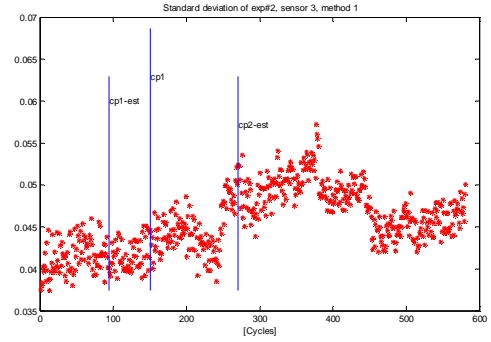

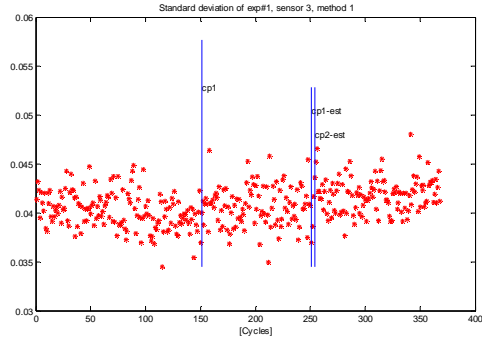

## Appendix E - Off-line change point estimation on feature signals

### E.7 Sensor no. 3, method no. 1 on mean value feature signals

## Appendix E - Off-line change point estimation on feature signals

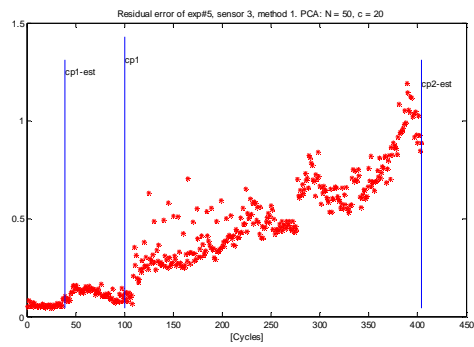

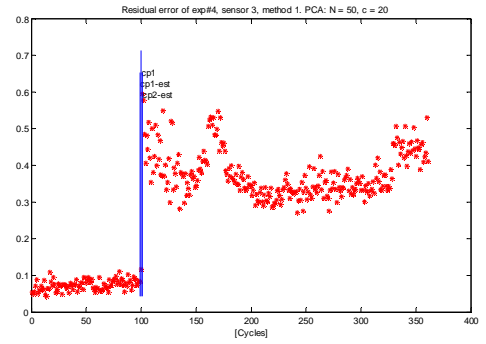

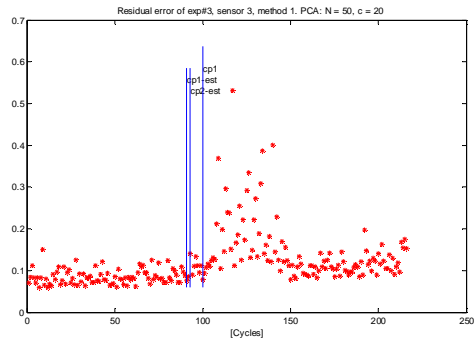

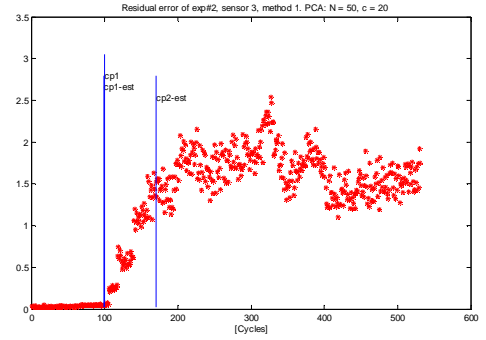

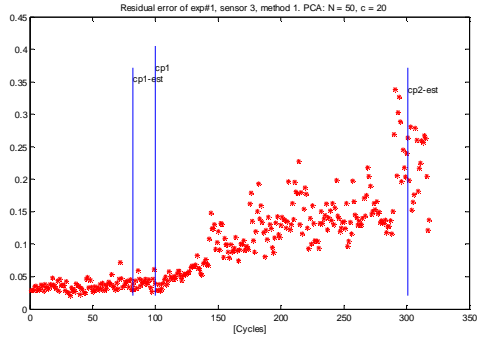

### E.8 Sensor no. 3, method no. 1 on standard deviation feature signals

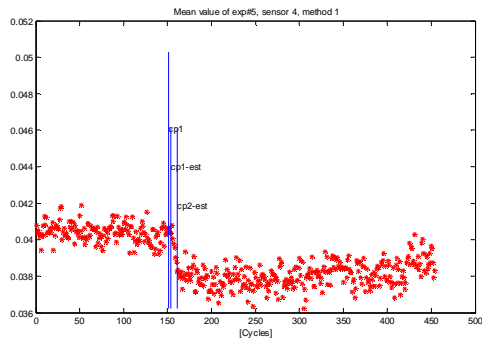

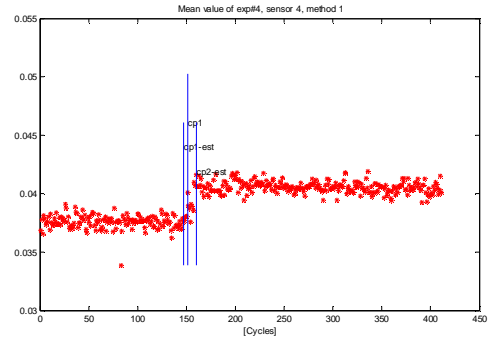

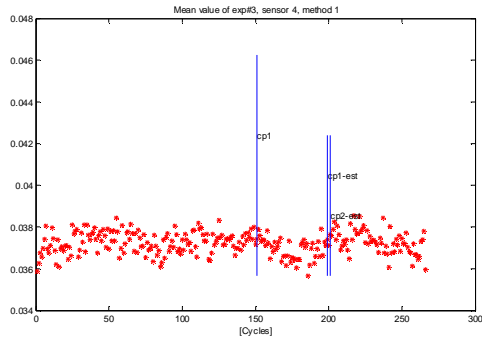

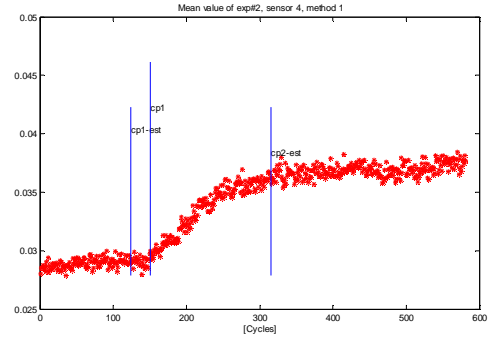

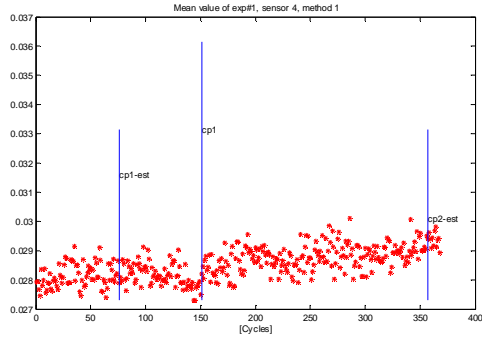

## Appendix E - Off-line change point estimation on feature signals

### E.9 Sensor no. 3, method no. 1 on SE feature signals

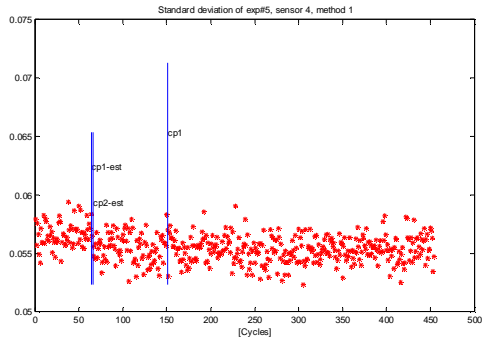

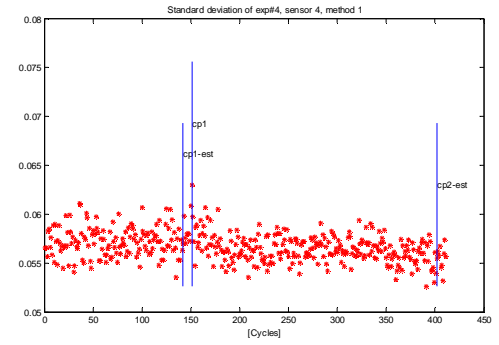

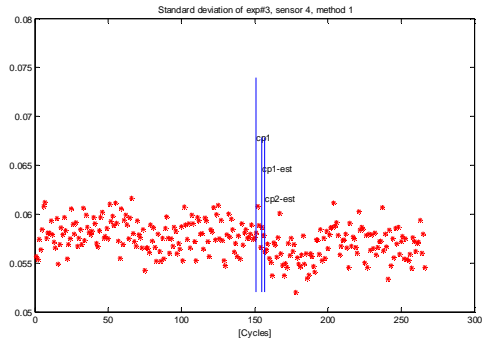

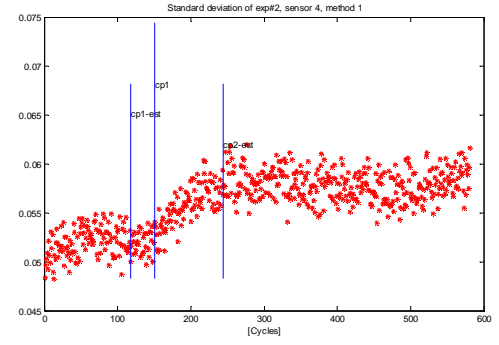

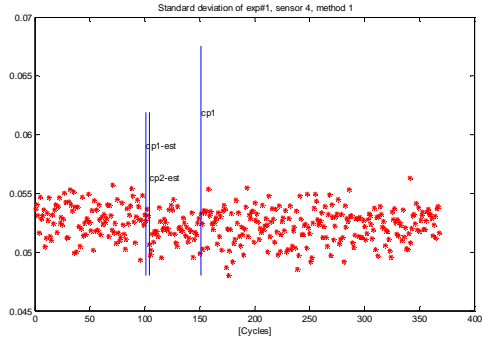

## Appendix E - Off-line change point estimation on feature signals

### E.10 Sensor no. 4, method no. 1 on mean value feature signals

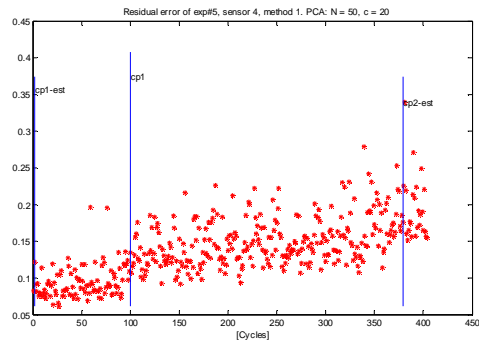

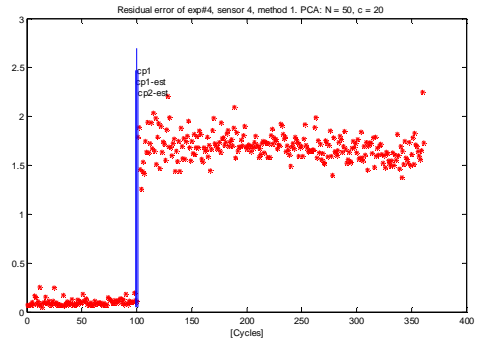

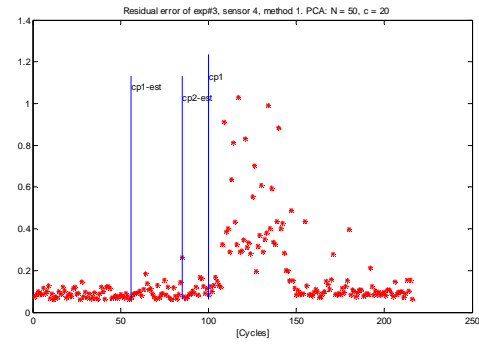

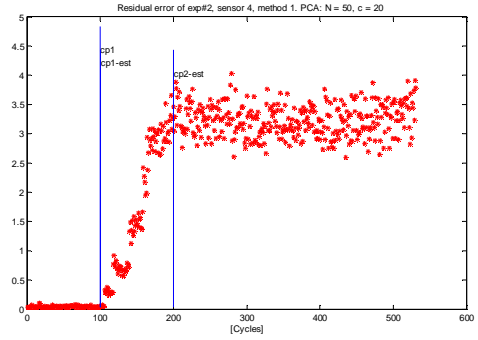

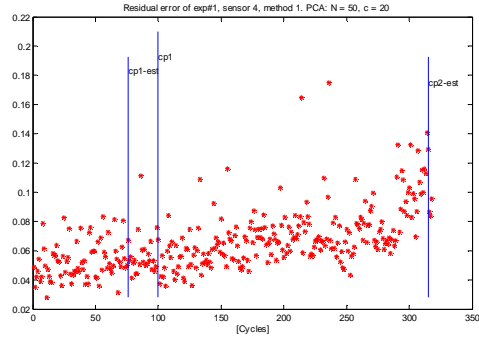

## Appendix E - Off-line change point estimation on feature signals

### E.11 Sensor no. 4, method no. 1 on standard deviation feature signals

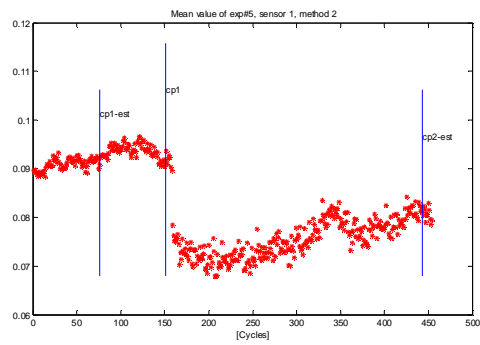

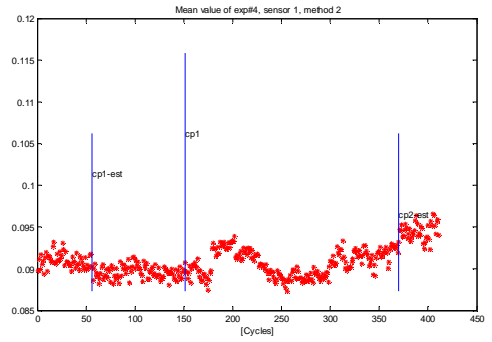

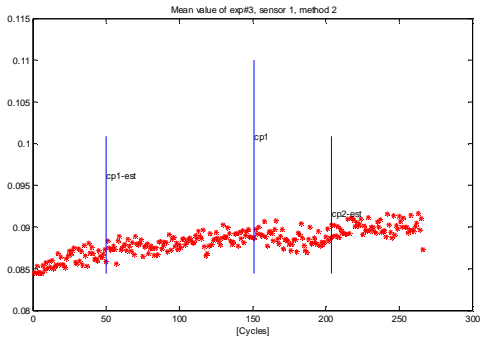

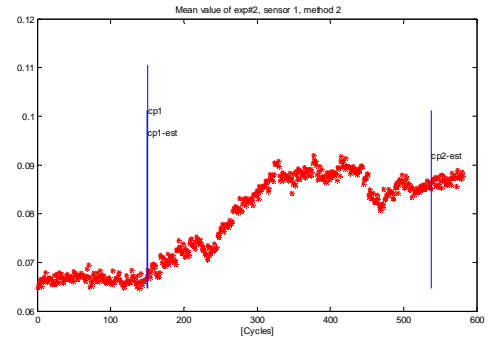

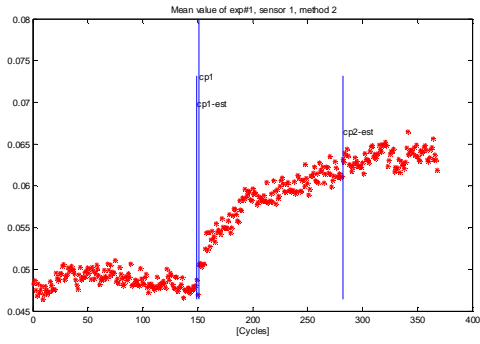

## Appendix E - Off-line change point estimation on feature signals

### E.12 Sensor no. 4, method no. 1 on SE feature signals

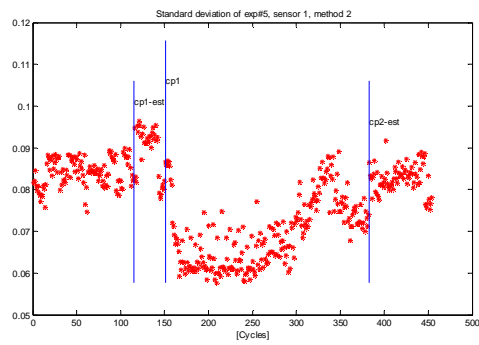

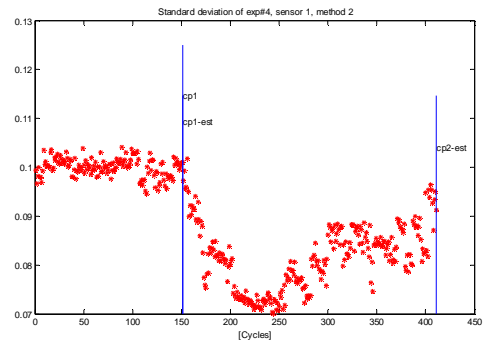

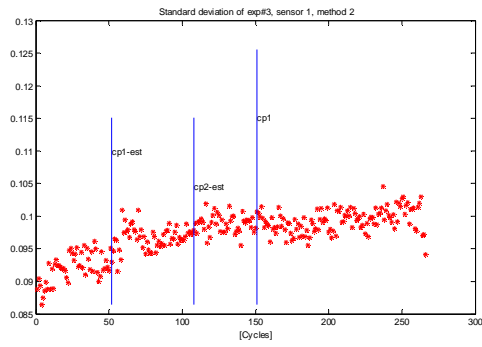

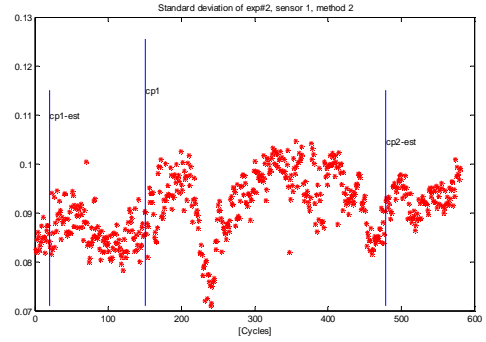

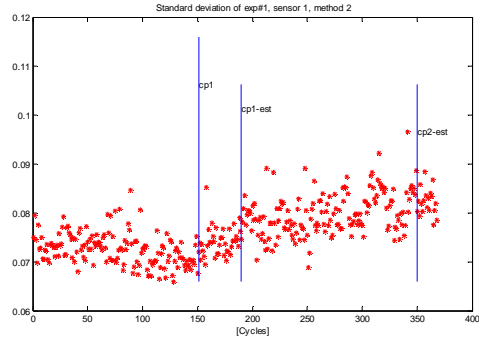

## Appendix E - Off-line change point estimation on feature signals

### E.13 Sensor no. 1, method no. 2 on mean value feature signals

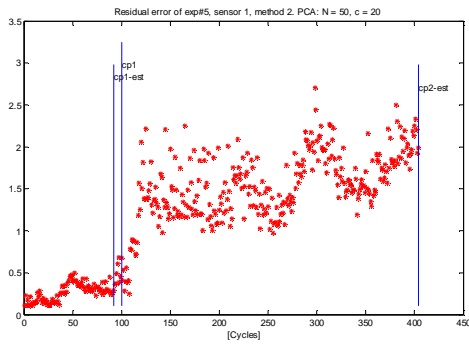

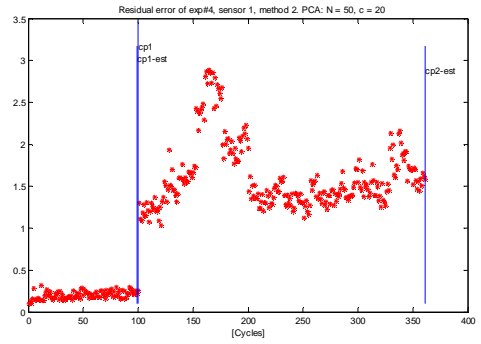

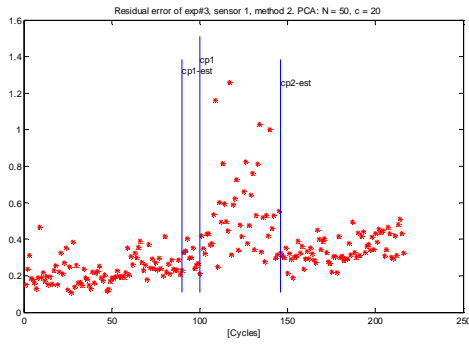

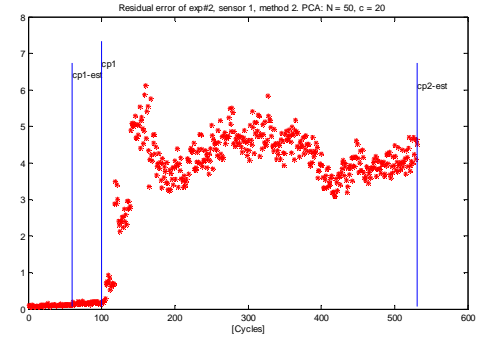

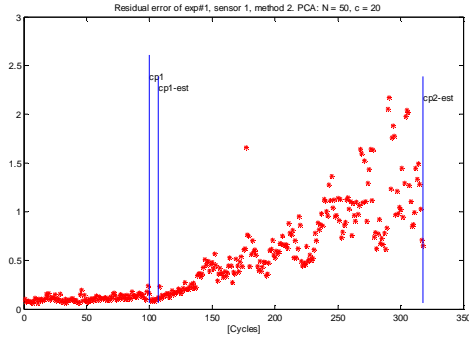

## Appendix E - Off-line change point estimation on feature signals

### E.14 Sensor no. 1, method no. 2 on standard deviation feature signals

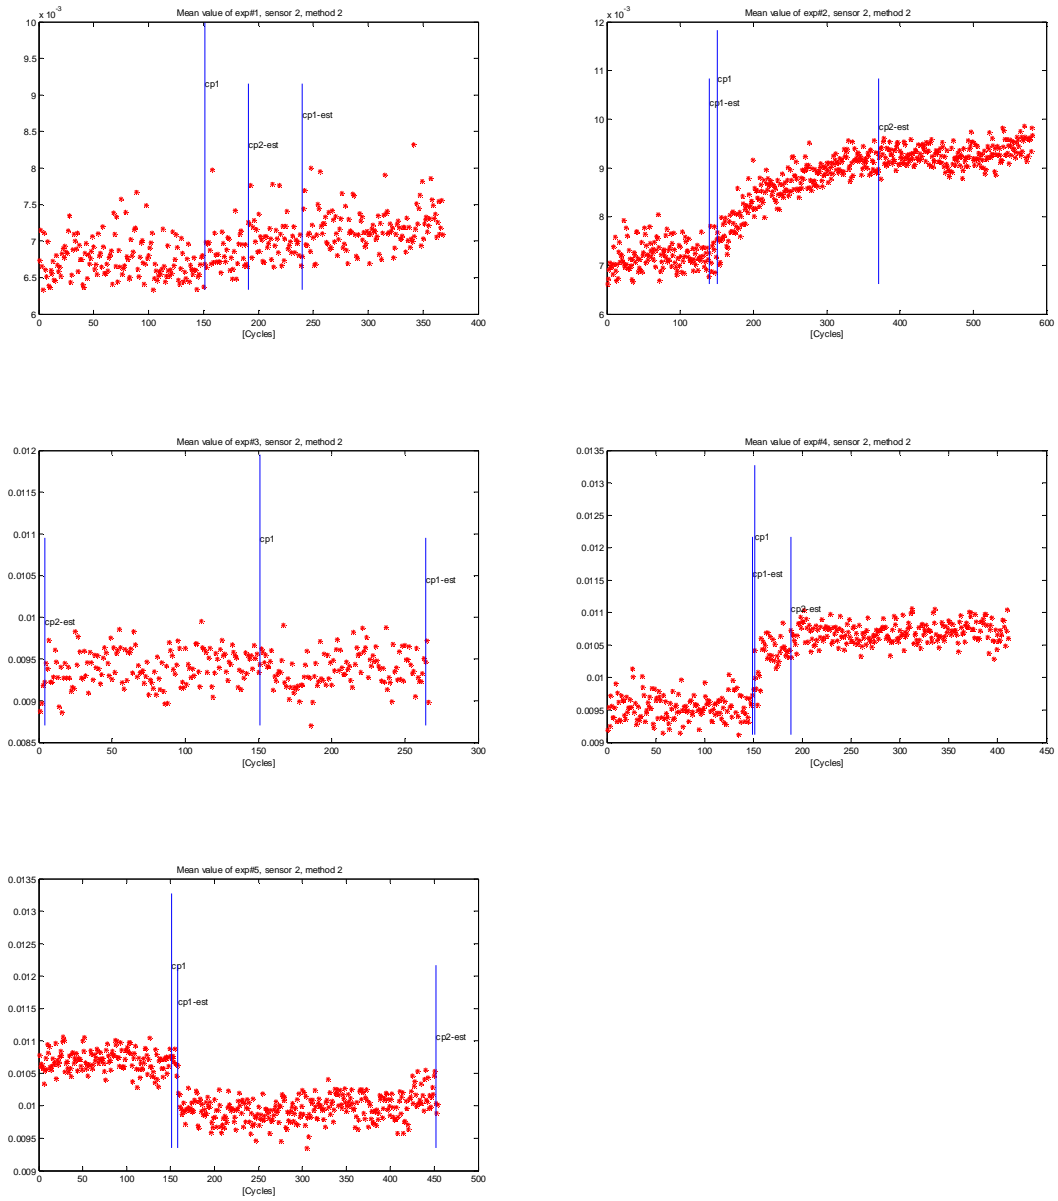

## Appendix E - Off-line change point estimation on feature signals

### E.15 Sensor no. 1, method no. 2 on SE feature signals

## Appendix E - Off-line change point estimation on feature signals

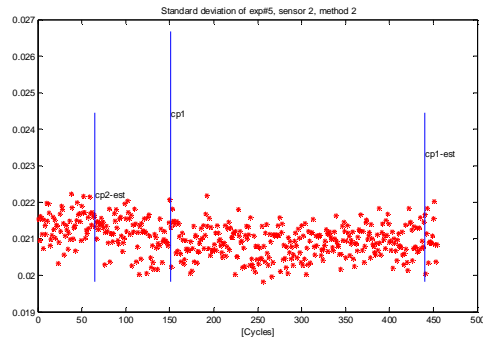

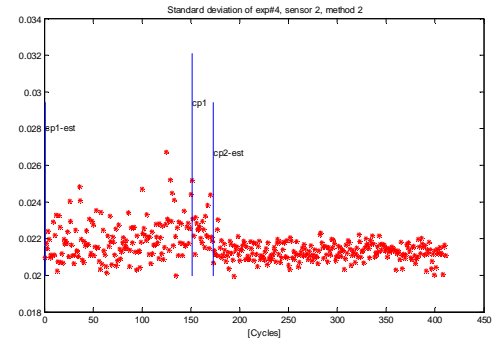

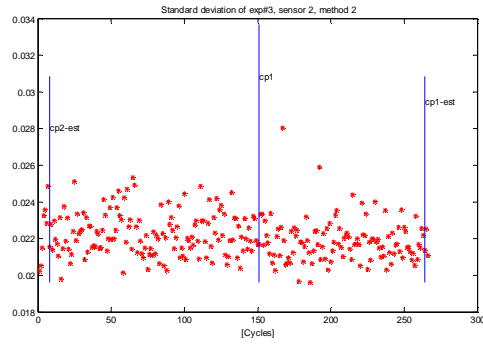

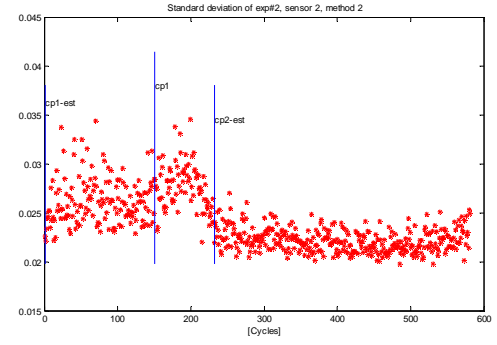

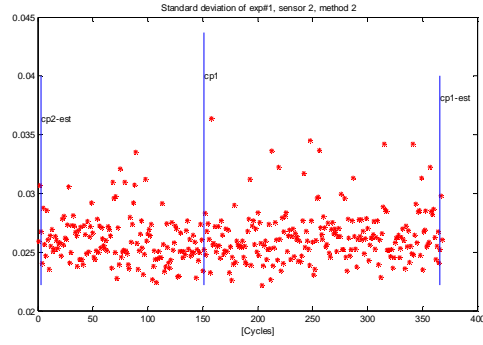

### E.16 Sensor no. 2, method no. 2 on mean value feature signals

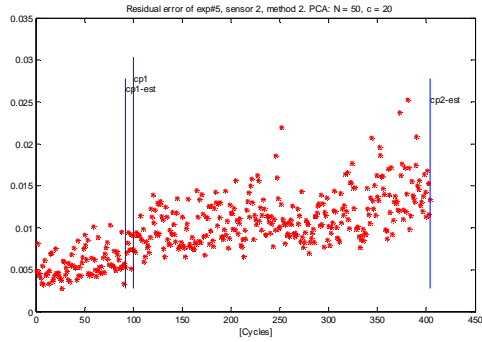

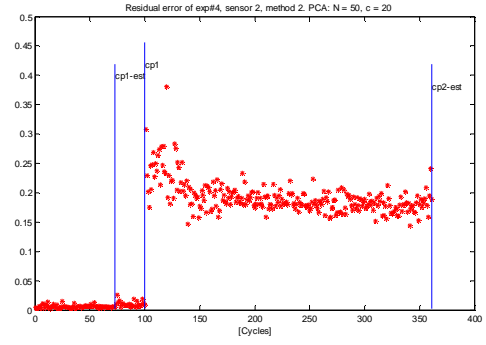

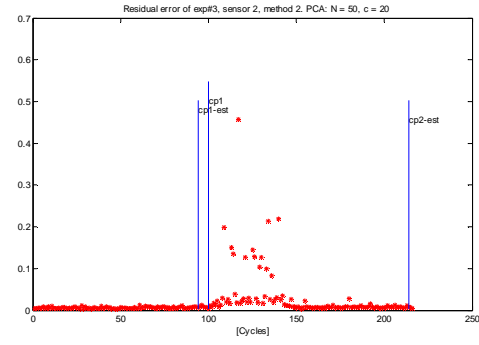

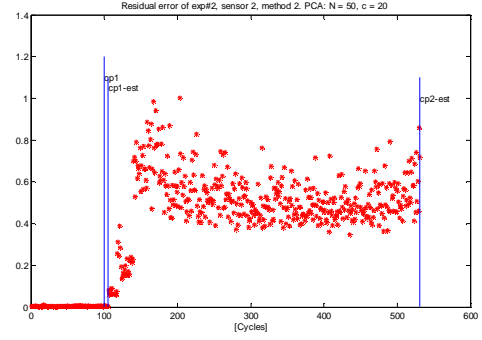

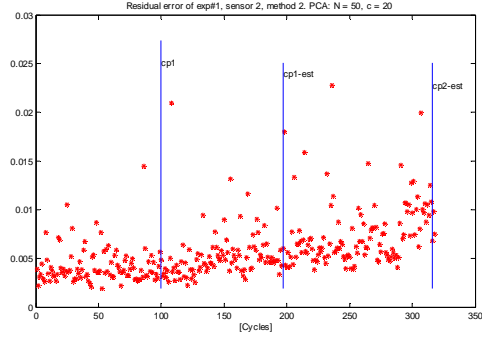

## Appendix E - Off-line change point estimation on feature signals

### E.17 Sensor no. 2, method no. 2 on standard deviation feature signals

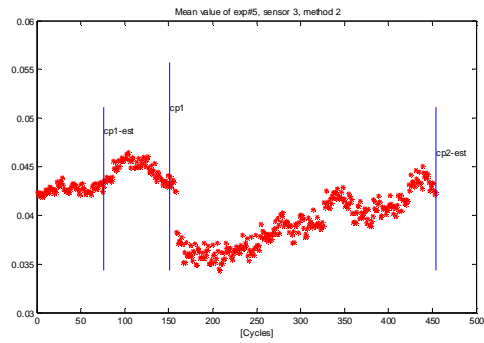

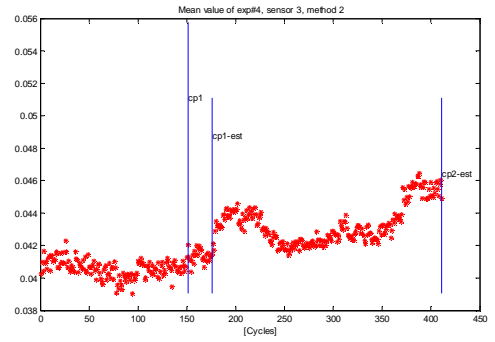

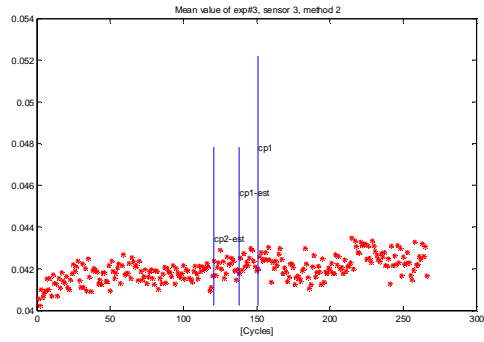

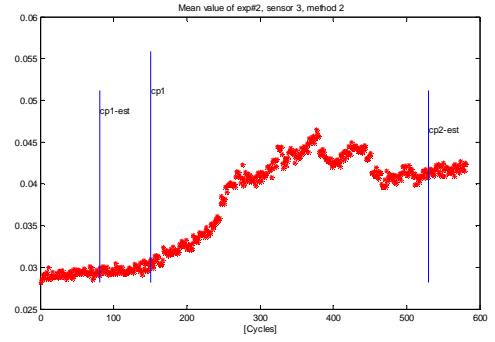

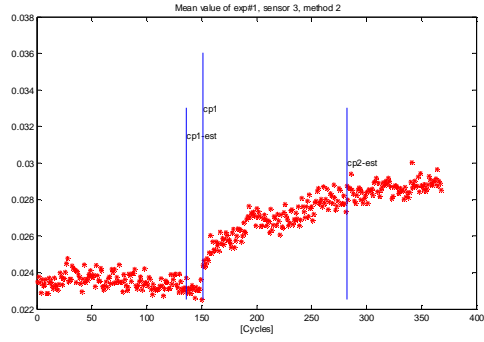

## Appendix E - Off-line change point estimation on feature signals

### E.18 Sensor no. 2, method no. 2 on SE feature signals

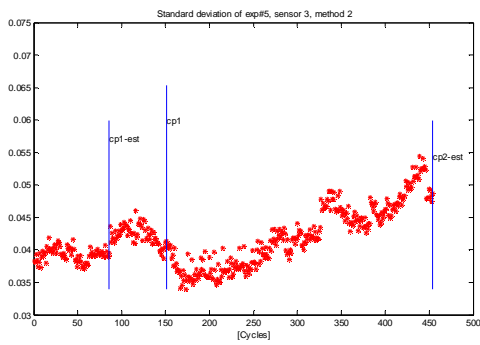

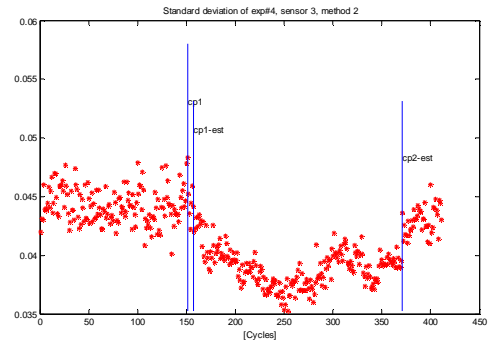

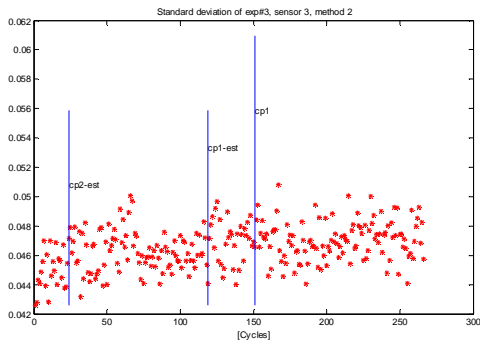

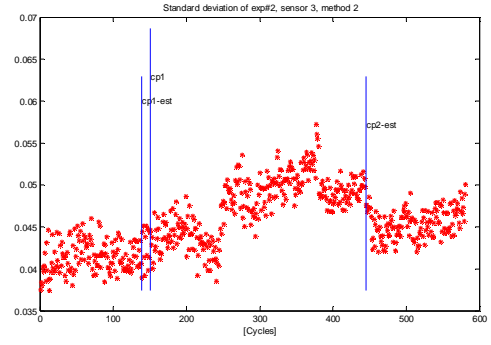

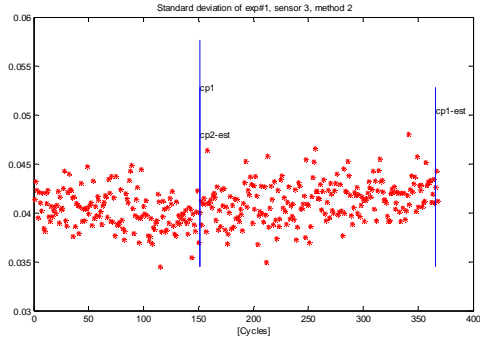

## Appendix E - Off-line change point estimation on feature signals

### E.19 Sensor no. 3, method no. 2 on mean value feature signals

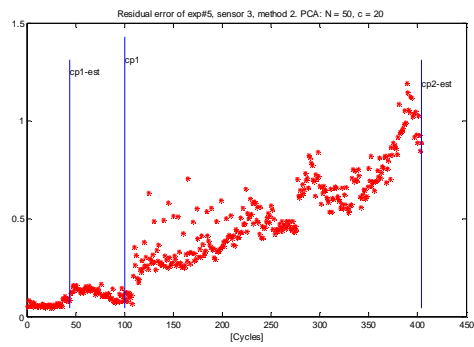

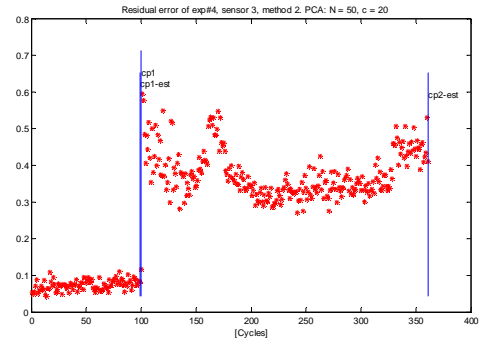

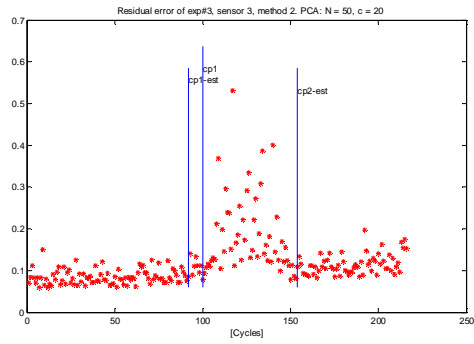

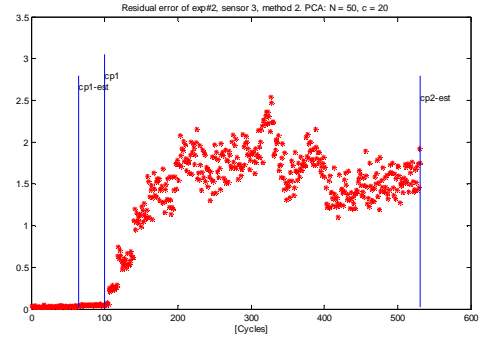

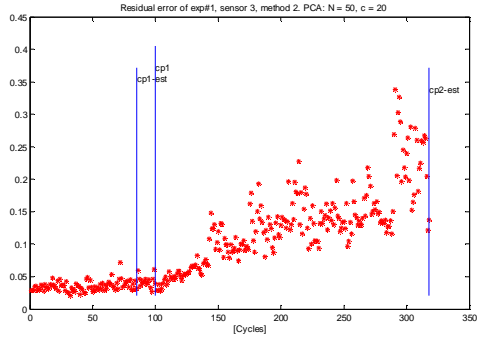

## Appendix E - Off-line change point estimation on feature signals

### E.20 Sensor no. 3, method no. 2 on standard deviation feature signals

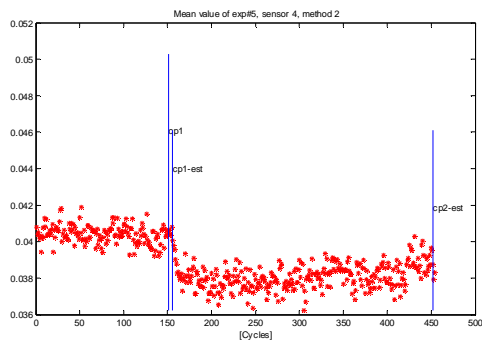

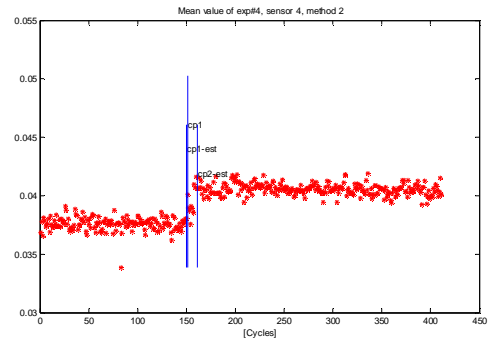

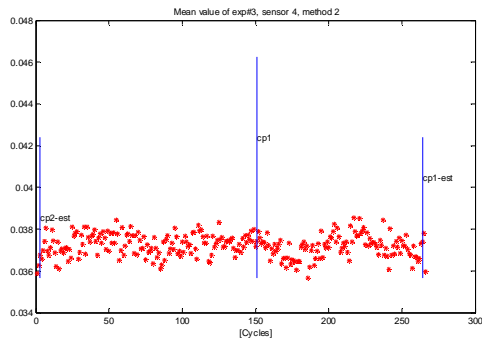

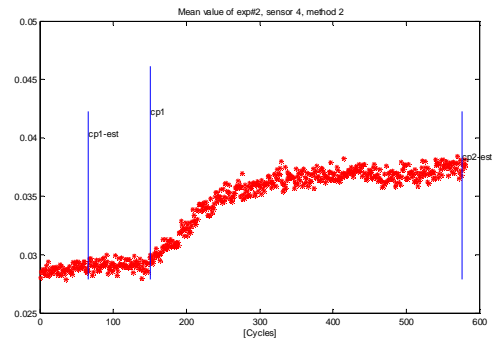

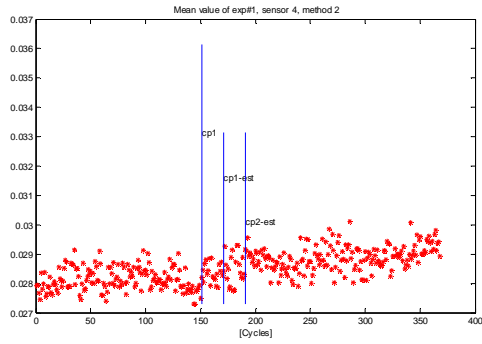

## Appendix E - Off-line change point estimation on feature signals

### E.21 Sensor no. 3, method no. 2 on SE feature signals

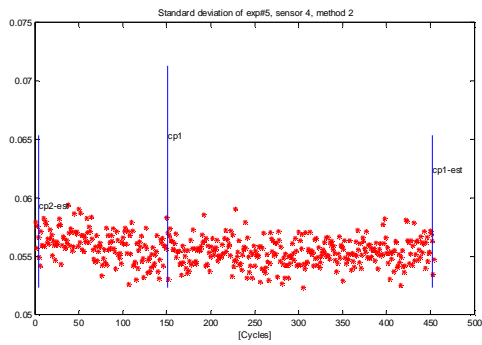

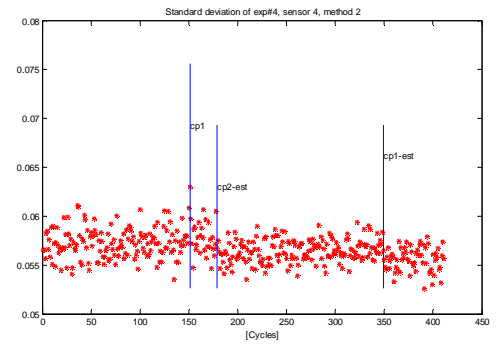

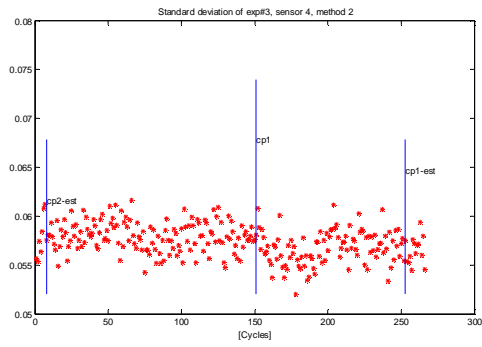

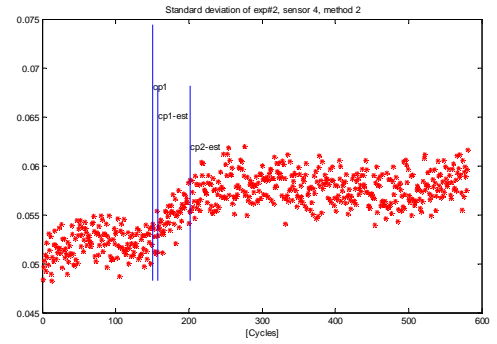

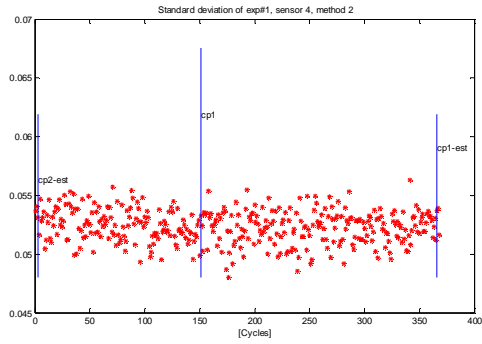

## Appendix E - Off-line change point estimation on feature signals

### E.22 Sensor no. 4, method no. 2 on mean value feature signals

## Appendix E - Off-line change point estimation on feature signals

### E.23 Sensor no. 4, method no. 2 on standard deviation feature signals

## Appendix E - Off-line change point estimation on feature signals

### E.24 Sensor no. 4, method no. 2 on SE feature signals
